

# High School Residential Program for International Students 2022

Springwood was founded in 1970

## Springwood is a school that feels like a family...

A place where students are surrounded by people who know and care about them. International boarding students live with residential staff in the “Springwood International House”, the school’s on-campus boarding facility. From the moment international students arrive on campus, Springwood immerses them in a warm, welcoming and supportive community.

Students find their place at Springwood School, regardless of where they are from and what their interests are. Students this year are from:

**“ Although I miss my son, I am confident that he is truly living in a home environment at Springwood. My thanks to Springwood International for taking such good care of him. After recently visiting the school, I realized how lucky we are to have found Springwood! I am very pleased that he is so happy there.”**

Parent from UK Class of 2022

### Springwood International House

- Generously-sized rooms in separate male and female areas with 32 student maximum
- Live-in House Parents and other staff on site
- Room furnishings including bed and linens, two chests, desk and desk light, chair and clothes wardrobe
