CONGRATS!

2020-2021 Graduation Edition

Caps off to the Springwood School Class of 2021!

The Springwood graduation ceremony, celebrating 37 graduates from 6 countries, was held on Saturday morning, May 22, 2021 in Springwood Wildcat Stadium.

"Traditional Tassel Turn" symbolizes transition from student to graduate!

In this issue we highlight the Springwood high school graduates who showed inspiration, determination and the confidence to get through this year and to look towards their futures! Despite 2020 – 2021 being a challenging year, Springwood students had the opportunity for in-person learning, competitive sports, club activities, and recognition ceremonies. At Springwood, we are confident that our students are well prepared to find success next year at universities throughout the United States.

COMMENCEMENT AND BACCALAUREATE

The Springwood School Commencement served as a transition point for the members of the graduating Class of 2021 who are now following diverse paths into their futures. It was a time to celebrate the hard work and accomplishment of our graduates. The Springwood Baccalaureate ceremony offered a quieter opportunity to reflect on the rite of passage of our students, hear a keynote speech from one of our faculty members and enjoy the musical talents of other Springwood students.

Hongliang "Jason" Liu— Due to the global pandemic, finished his senior year at Springwood School virtually

Parent Testimonial:

"Hello, I'm Jason's mom. I am so proud of my son who finished 4 years of high school at Springwood School. It is an outstanding school with excellent teachers to help international students quickly integrate into studying in America.

When Jason went to Springwood in the 9th grade, I was worried about whether he would be able to adapt to the culture and the teaching method in the United States, but my worries were unnecessary because the teachers provided support and help for the students, which cultivated Jason into a confident person.

The school provided Jason with university application guidance and consultation to help him apply for universities and scholarships. This year, under the guidance of the school, Jason successfully received three admission offers from top 100 universities in the U.S., and two of them provided scholarships for him, which was wonderful!

I think that without the Springwood teachers and the Springwood foundations, Jason's university search result would have been different. I am thankful to Springwood School.

Graduated from China
